

## SolarMax Energy Systems

# 12v 600 watt solar panel charging current

## Overview

---

Rounding this to the nearest ten we get a 60A MPPT charge controller for a 600-watt solar panel system paired with a 12V battery bank. Here is a table for quick reference to determine what size charge controll.

## 12v 600 watt solar panel charging current

---

### What Size Charge Controller For 600W Solar Panel?

For a 600W solar panel, a 50A charge controller is required. However, for better performance and durability, it is preferable to use a 60A ...
