12v 80ah lithium battery pack

Overview

What is a 12V / 80ah battery?

Charging Current 12V | 80Ah battery is a high-rate general purpose battery suitable for UPS/EPS, medical equipment, emergency and security system applications.

What are the advantages of 12V 80ah lithium ion battery?

This 12V 80Ah lithium-ion battery offers high efficiency energy output compared to lead acid batteries. It can accept a continuous charge/discharge current of up to 1C, making it full-charged in one hour. The built-in high accurate LiFePO₄ production technology extends the cycle life to approximately 4000 times at 80% DOD.

What is a 12V lithium ion battery pack?

A 12V lithium ion battery pack is a battery pack made up of three or four lithium batteries connected in series and several lithium batteries connected in parallel. This configuration allows the capacity of a 12V lithium battery to be customized.

Is a 12ah lithium battery better than a 48AH battery?

Thus a 12Ah lithium battery would perform closer to a 48Ah lead-acid battery rating for higher discharge currents and life performance. Ionic's lithium-ion batteries have 1/3 the internal resistance of a similar capacity lead-acid battery and they can be safely discharged to 90% DOD.

How much does a Rb80 battery weigh?

The RB80 is ideal for applications where you need a lot of power for a longer period of time. At only 25 pounds, this lithium iron phosphate battery is a safer, more lightweight alternative to lead-acid in a variety of deep cycle applications including marine, RV and solar, among others.

Will a 12ah lithium battery damage a lead-acid battery?

Going below 50% DOD will damage a lead-acid battery, even if they claim to be a deep discharge battery. Thus a 12Ah lithium battery would perform closer to a 48Ah lead-acid battery rating for higher discharge currents and life performance.

12v 80ah lithium battery pack

Deep Cycle 12V 80Ah LiFePO4 Rechargeable Battery Pack for ...

Enhance solar storage with the LiFePO4 Battery Pack 12V 80Ah. HIMAX offers wholesale custom deep-cycle lithium batteries for RV, marine, and backup energy--OEM/ODM B2B solutions for ...
