

## SolarMax Energy Systems

# 2W 10V solar panel

**LFP 12V 200Ah**

## Overview

---

What is a 12V 10W solar panel?

An ideal panel for steady battery charging and maintenance or your small off grid lighting project. This high quality 12v 10w Solar Panel works in both sunny and overcast conditions and is fully weatherproof. Comes supplied with 2 meters of cable, a blocking diode to prevent reverse charging and crocodile clips for easy battery connection.

What can a 2W mini solar panel power?

This solar panel is great for charging small DC batteries or powering your solar lighting, small digital displays, or handheld radio. This mini solar panel from Sunnytech measures only 4.3" x 5.3", but is capable of producing 2W of power.

Are 12V 10W solar panels weatherproof?

Small, compact, all weather this 12v 10w Solar Panel is built to high standards. An ideal panel for steady battery charging and maintenance or your small off grid lighting project. This high quality 12v 10w Solar Panel works in both sunny and overcast conditions and is fully weatherproof.

How much does a 0.5W solar panel weigh?

Our 0.5W Solar Panel 55x70 is not only value for money, standing at 55x70x3mm and weight of only 17g it is also portable and easy to carry around! This mini solar panel is made of single-crystal material (monocrystalline) that performs high solar energy transformation efficiency at 17%.

What is a 12V 120W solar panel?

Ideally suited for a motorhome or large caravan. This 12v 120w solar panel is powerful enough to keep your battery charged over long periods away without starting the generator or plugging in to an external source. Comes with MC4

connectors so they are easily added to a string and protected from the wet weather.

Is a 0.5W solar panel 55x70 a good choice?

Well, our 0.5W Solar Panel 55X70 will be a perfect fit for you to build your outdoor project! Our 0.5W Solar Panel 55×70 is not only value for money, standing at 55x70x3mm and weight of only 17g it is also portable and easy to carry around!

## 2W 10V solar panel

### 9.2W 12V Tire Tread , Covert Solar Power Panel

9.2W 12V Tire Tread solar panel supplies reliable covert power for surveillance and security systems while blending into rugged outdoor environments.
