

SolarMax Energy Systems

45a battery discharge with inverter

Overview

in short, the answer is Yes, you can charge a battery while using an inverter. but make sure that the load should be lower than what solar panels are producing according to weather conditions. connecting an i.

45a battery discharge with inverter

PV1500 Series (1-2KVA) - Hybrid Solar Inverter

High Frequency Off Grid Solar Inverter 1~2KVA , MPPT 45A , AC 15A/20A , PV 105V It is a cost effective, intelligent solar inverter which accepts Solar & Utility ...
