

SolarMax Energy Systems

Air-cooled energy storage cabinet battery module site communication

Overview

Why should you use a battery energy storage system?

Shave offload peaks for your commercial or industrial business with reliable battery energy storage systems. Store excess energy from your solar panels to increase PV self-consumption and decrease dependence on the expensive grid for an efficient power storage system.

Are the battery cabinets modular?

Whether you're planning an on-grid project or an off-grid solution, the battery cabinets are designed to be modular and easily expandable in the future. We've designed our solutions to guarantee safety and comfortability for you. All our battery solutions are forklift-ready and can be easily installed at the site.

What is his-energy's premium Battery Cabinet?

HIS-Energy's Premium Battery Cabinet Solution: Engineered for Both Outdoor (IP54 Rated) and Indoor Installations. From peak shaving and emergency power supply to powering EV charging stations, our smart HIS- EMS seamlessly manages your energy needs.

Air-cooled energy storage cabinet battery module site communication

233kwh Lithium Iron Phosphate Batteries

We at HIS-Energy ensure that our every customer is provided with a fully integrated turnkey solution. HISbatt 233-L comes with an integrated closed ...
