

SolarMax Energy Systems

American home energy storage battery production company

Overview

What is the first solid-state battery for home energy storage?

From pv magazine USA Amptricity has announced what it says is the first solid-state battery for home energy storage. The company plans to deliver its first solid-state energy storage systems of up to 4 GWh or up to 400,000 homes within the next 30 months.

Is amptricity the first solid-state battery for home energy storage?

Amptricity has emerged from stealth mode with plans to manufacture solid-state batteries for residential and commercial installations. From pv magazine USA Amptricity has announced what it says is the first solid-state battery for home energy storage.

Are home energy storage systems safe?

The company says its home energy storage systems create greater safety and longevity, while the average residential systems use lithium-ion batteries, which pose a fire risk. Furthermore, its battery lifespan is three times longer than current lithium-ion technologies, the company reports.

How many homes can a solid-state energy storage system deliver?

The company plans to deliver its first solid-state energy storage systems of up to 4 GWh or up to 400,000 homes within the next 30 months. Commercial 1 MWh demo units are available now to select customers, with an announcement coming in the next few weeks on full commercial production.

Who is storion Energy LLC?

The company established Storion Energy LLC through affiliate Stryten Critical E-Storage LLC, partnering with Largo Inc. to address domestic sourcing of price-competitive electrolytes for vanadium redox flow battery production.

How much money will a battery company invest in a new facility?

The investment strategy allocates \$2.5 billion for advanced battery expansion, \$1.9 billion for critical minerals processing, and \$600 million for facility modernization. The company plans to establish a Manufacturing Technology & Training Center focused on workforce development and manufacturing innovation.
