

SolarMax Energy Systems

American lithium energy storage power supply customization

Overview

Who is American Lithium Energy?

American Lithium Energy (ALE) stands as a prominent manufacturer of advanced lithium-ion batteries, dedicated to electrifying Earth through sustainable energy solutions. Founded with a mission to develop high-performance energy storage systems, ALE has established itself as a leading innovator in silicon anode technologies.

Who invests in lithium ion batteries?

Notable financial support comes from government entities, including the California Energy Commission, though specific private investors remain undisclosed. American Lithium Energy (ALE), based in Carlsbad, CA, leads in silicon-anode lithium-ion batteries, offering high energy density and safety for electric vehicles, defense, aerospace, and more.

Who makes a lithium ion battery?

ALE specializes in manufacturing silicon-based lithium-ion batteries that achieve the highest energy density in the industry while maintaining exceptional safety standards.

Where are lithium batteries made?

Big News from Lithium Battery Company! We've expanded with a cutting-edge, fully automated factory at 5201 S Westshore Blvd, Tampa, FL! Advanced lithium-ion battery solutions for defense, medical, marine, and industrial applications, manufactured in our Tampa, FL facility.

American lithium energy storage power supply customization

✓ 50KW/100KWH

✓ HIGHER POWER OUTPUT
IN OFF-GRID MODE

✓ CONVENIENT OPERATION
& MAINTENANCE
