## ATS Helps a Leading Auto Manufacturer Redefine EV ...

ATS Industrial Automation helps a leading automotive manufacturer ramp up its modular battery assembly systems as it transitions to an all-electric future.

[Get a quote](#)

## Principle of automatic assembly of nickel sheets in battery pack

Liebherr provides modular solutions for battery pack assembly - from individual process stations through to fully automated turnkey systems. An entire modular product system is ...

## Analysis of the Variety of Lithium-Ion Battery Modules and the

Within this paper the initial steps for the realisation of an agile automated system for battery module disassembly will be presented. The state of the art battery modules need to be ...

[Get a quote](#)

## Battery Pack Assembly Fixture Design Principles

Designing an effective battery pack assembly fixture requires balancing precision, durability, and adaptability. Unlike generic jigs, these fixtures must account for unique ...
