Battery cabinet base station cabinet things

Overview

What is a battery cabinet?

Battery cabinets are a convenient storage solution that encourages staff to maintain the correct handling and storage procedures. By charging and storing batteries in the one location, you are reducing the likelihood of batteries being lost, stolen, damaged or left in unsafe conditions (such as outdoors).

Can batteries be charged during storage?

Batteries can be charged during storage thanks to the built-in sockets and are therefore always ready to use. LISTA is all about bespoke system solutions to meet your needs.

What are Lista electrical cabinets?

LISTA electrical cabinets are perfect for the safe, personal storage of battery-powered devices of all kinds. These robust all-rounders are idea for offices and administrative functions, schools, universities and other public buildings.
