

SolarMax Energy Systems

Battery cabinet grouping technology

18650 3.7V
Li-ion
RECHARGEABLE BATTERY

2000mAh

Overview

The service life, safety, and capacity of lithium-ion power battery packs relies heavily on the consistency among battery cells. Grouping is an effective procedure to improve consistency by screening c.

Battery cabinet grouping technology

Study on distributed lithium-ion power battery grouping scheme ...

In this paper, a novel grouping scheme based on distributed time-series clustering is proposed to match the need of both efficiency and consistency improvement.
