Overview

The new solar photovoltaic plant, with an installed capacity of 120 MW, the largest of this technology in the country, will be built in the municipality of Tupiza, Sud Chichas province in the department of Potosí, on an area of 110 hectares in the rural community of Hornillos.

Bolivia Solar Photovoltaic Panel Project

Bolivia opens its largest solar farm

Bolivian President Evo Morales unveiled the country's latest and largest renewable energy project on Saturday, a 180-hectare solar panel plant in the southern city of Potosi.
