#### **Overview**

Could a hydropower power plant boost Brazil's electricity grid?

SAO PAULO, Sept 10 (Reuters) - Brazil's state-controlled electric utility Cemig plans to use its experience in hydropower to invest in clean energy technologies that could boost the country's electricity grid, CEO Reynaldo Passanezi Filho told Reuters.

When was the first power capacity reserve auction held in Brazil?

The start of the project's construction was marked with a groundbreaking ceremony on May 5th, 2023. Portocem Geração de Energia S.A was the biggest winner of the first Power Capacity Reserve Auction in Brazil, held in December 2021, to contract power for the National Interconnected System (SIN).

What energy storage solutions does Mitsubishi Power offer?

Energy storage solutions include green hydrogen, battery energy storage systems, and services. Mitsubishi Power also offers intelligent solutions that use artificial intelligence to enable autonomous operation of power plants. Mitsubishi Power is a power solutions brand of Mitsubishi Heavy Industries, Ltd. (MHI).
