# China Southern Power Grid Energy Storage Electricity Price

## Overview

---

Who is China Southern power grid energy storage company?

China Southern Power Grid Energy Storage Co., Ltd. generates and distributes hydroelectric power. The company generates approximately 110,000 kilowatts and provides power supply services in Wenshan Prefecture, including Neiwenshan, Yanshan, Qiubei, Funing, and Xichou.

How efficient is China's battery energy storage system?

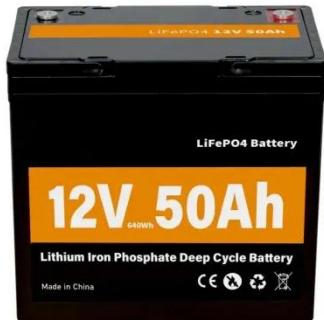

In an interview with China Central Television, Gao Like, a manager at the Guangxi branch of China Southern Power Grid, said that the energy conversion efficiency of its sodium-ion battery energy storage system exceeds 92%. It's comparable to the efficiency of common lithium-ion battery storage systems, at 85-95%.

Where is China's first sodium-ion battery energy storage station?

China's first major sodium-ion battery energy storage station is now online, according to state-owned utility China Southern Power Grid Energy Storage. The Fulin Sodium-ion Battery Energy Storage Station entered operation on May 11 in Nanning, the capital of the Guangxi Zhuang autonomous region in southern China.
