

SolarMax Energy Systems

Customized energy storage cabinet container manufacturer in the Republic of South Africa

Overview

What is a container energy storage system?

A Container Energy Storage System (ESS) is a modular, scalable solution for storing electrical energy. It typically consists of batteries housed in a shipping container, which makes it easy to transport and deploy. These systems can be used for various applications such as grid support, renewable energy integration, and backup power.

Who is containers reimagined?

Providing exceptional quality at best compatible prices to our customers. Containers Reimagined (Pty) Ltd is a South African containers company that is specializing of container refurbishment, design, conversion, storage, park homes, mobile ablution systems, mobile restaurant and mobile cold room of any size and design.
