

## SolarMax Energy Systems

# Czech energy storage lithium battery factory

## Overview

---

What is the largest battery in the Czech Republic?

The latest contribution is the largest battery in the Czech Republic with an output of 10 MW, which is being built under the supervision of ČEZ ESCO on the premises of Energocentrum Vítkovice and will be fully operational in the second half of this year.

Will a house-sized battery help stabilize the Czech energy grid?

The House-sized Battery Will Help Stabilise the Czech Energy Grid \*The battery storage capacity is 10 MW and it exceeds the current largest battery in the Czech Republic by more than 40%. \*The system can hold 9.45 MWh of energy, three times the size of the ČEZ battery in Tušimice.

How will a storage system help the Czech energy sector?

The storage system will support the transformation of the Czech power sector and contribute to the stabilisation of the power grid by providing power balance services. "Europe's energy sector is changing dynamically, but a secure energy supply and network stability remain the cornerstones.

Why should you invest in the Czech Republic?

This is a truly unique project that has already attracted many investors, enabling us to be now opening the largest battery plant in Europe, and making the Czech Republic one of the global leaders in the energy storage segment. We are currently finalizing production technologies and subjecting our batteries to a series of tests.

Does Samsung have a battery plant in Hungary?

Before the Czech factory, Samsung had already established three battery plants in Hungary. The first plant is located in the suburbs of Budapest, while the second and third plants are both situated in Göd. Earlier in 2024, Samsung SDI finalized investment plans for the construction of its third battery plant in

Hungary.

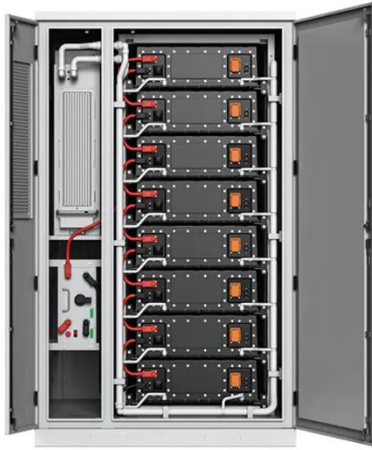

What makes a Czech factory a good example?

The opening of a state-of-the-art and wholly Czech conceived and realized factory in the Moravian-Silesian region of the Czech Republic, is an example for all those who are not afraid to turn their ideas into reality.
