

SolarMax Energy Systems

Eastern European photovoltaic energy storage integrated device

Home Energy Storage (Stackble system)

High Efficiency

Easy installation

Safe and Reliable

Perfect Compatibility

Product Introduction

Scalable from 10 kWh to 50 kWh

Self-Consumption Optimization

Integrated with inverter to avoid the compatibility problem

LFP battery, safest and long cycle life

Stackable design, effortlessly installation

Capable of High-Powered

Emergency- Backup and Off-Grid Function

Eastern European photovoltaic energy storage integrated device

Improved control of energy consumption by a photovoltaic system

This paper has considered improving the management of energy consumption by a photovoltaic system with a storage device for a local object connected to the network.
