# **French Energy Storage Container House**

## Overview

---

Where can I find a container house France?

Among the container house France plans we have designed with this principle, there are houses suitable for every budget and every wish. A worldwide leading container home france manufacturer Karmod delivers its modular houses all over the world. You can contact us for container house France. You can view our house plans in detail on our website.

What is a modular container home in France?

Modular Container home in France are not just commercial buildings. In addition to these, we can see the containers as prefabricated onsite accomodation at remote camp solutions. Containers are the most economical and durable construction solution under difficult construction site conditions.

Can you rent a mini-studio at a shipping-container?

The original shipping-container plans had always included a 13m<sup>2</sup> mini-studio, which the couple rents out for short stays of up to a month. This compact, self-catering space offers visitors the chance to try container living and the tiny-house experience, and the feedback has been overwhelmingly positive.
