

SolarMax Energy Systems

French photovoltaic energy storage project

Overview

Multinational utility Engie and renewables developer Neoen are to invest €1.2 billion (US\$1.46 billion) in a large-scale solar-plus-storage project in south eastern France, which includes a 1GW solar system and 40MW of battery energy storage.

French photovoltaic energy storage project

Research projects and partnerships

It works closely with industrial and research partners on topics such as photovoltaics, energy storage and energy-efficient processes. The area of "renewable energies", led by FAU, ...
