

SolarMax Energy Systems

Gabon photovoltaic power station inverter

Overview

The Ndjolé hybrid solar power (1.440 panels) plant project is the first application of fuel save technology in Gabon. The plant's photovoltaic panels are connected.

The technical team at Ausar Energy, a subsidiary of ENGIE Africa, has built up experience in the design and management of projects to install solar power plants of.

Gabon photovoltaic power station inverter

Gabon solar electrical system

The Ayémé Solar Power Station is a proposed 120 megawatts solar power plant in Gabon. The power station is under development by Solen, an independent power producer (IPP).
