

SolarMax Energy Systems

Guyana Photovoltaic Energy Storage Power Station

Overview

The GUYSOL initiative, funded by the Guyana/Norway partnership with an estimated investment of US\$83.3 million, aims to diversify Guyana's energy mix. In 2024, the Program is set to install 18 MWp of solar PV farms and battery storage systems in regions 2, 5, and 6.

Guyana Photovoltaic Energy Storage Power Station

Guyana to install 33 MWp of Grid-scale Solar PV + Storage

Guyana plans to install 33 MWp (megawatt peak) of grid-scale solar PV with battery storage in three of its un-interconnected (isolated) grids.
