

## SolarMax Energy Systems

# Hardness of solar panels

## Overview

---

ASTM D3363 outlines a standardized method for measuring the hardness of coating layers on PV panels. The test involves using a series of progressive indenters with different shapes and sizes to create controlled impressions on the surface of the panel.

## Hardness of solar panels

---

### **Radiation hardness of organic photovoltaics**

In this work, we find that small-molecule OPVs grown by vacuum thermal evaporation are resistant to degradation by proton irradiation, in contrast to polymer-based ...
