How many energy storage battery manufacturers are there in the United States

Overview

There are 569 Battery manufacturers in United States as of August, 2025. The highest number of Battery manufacturers of United States are in California and Florida with 60 businesses and 46 businesses, respectively. What percentage of the battery industry is made in the US?

On the other hand, the U.S. accounts for just over 6% of the global battery industry, though the top battery manufacturers in America are starting to grow, and competition is continuing to increase.

How many battery storage installations are there in the United States?

After showing a year-over-year increase of 80 percent in 2023, the capacity of battery storage installations in the U.S. was projected to reach almost 30 gigawatts by the end of 2024. That year, the number of operational and prospective battery storage projects grazed 1,000, with most of them located in California and Texas.

Why are battery energy storage systems reopening in the US?

Battery energy storage systems Suppliers of battery energy storage systems (BESS) are beginning to set up shop in U.S., primarily driven by proposed Section 301 tariff increases on Chinese imports, the heavy concentration of battery suppliers overseas, particularly in China, and the manufacturing incentives provided by 45X.

How big is the electric battery market?

Even McKinsey under-forecasted when it mentioned in 2019 that the electric battery market would grow 25% yearly by 2030, and is now expected to grow by 30% annually from 2022 to 2030 and is expected to be valued at \$400 billion with a market size close to 4.7 TWh.

Where can you find a battery supplier?

The vast market served by the largest battery manufacturers suggests rich

prospecting fields for a large variety of suppliers. 1. East Penn Manufacturing Co. You will find this company in Lyon Station, Pennsylvania. It penetrates many marketplace sectors, including automotive, marine, commercial, industrial and stationary uses.

Why should you choose the largest battery manufacturers?

The largest battery manufacturers offer you a wealth of sales and marketing opportunities. As a bright spot in manufacturing, they promise continued growth. MNI, compiler and publisher of the industrial data that powers IndustrySelect, produces comprehensive profiles of the nation's manufacturers, including battery manufacturers.
