How much does it cost to customize a Tonga lithium battery pack

Overview

Does Tenergy offer custom battery packs?

Tenergy offers a wide range of options for pre-made custom battery packs. Discover the right battery pack based on voltage requirements to power your application, or submit custom battery pack form and our team will reach out to help create the ideal 18650 battery pack based on your device specifications.

Can a customer own a brand name of a lithium ion battery?

Private labeling and packaging for either big or small customers. Starting from 10,000 per order, customer can own their own brand name. Help to apply UN38.3 shipping document for your custom Lithium ion batteries. Sample of our UN38.3 tested batteries. Help to apply IEC62133 for battery packs build by battery space.

Can lithium ion batteries be recycled?

The demand for lithium ion batteries has been increasing lately. Our batteries can be recycled easily and with very little of a hassle. After supporting 6000+ projects, we're sure that we can do the hassle-free solution and service for you. Not only to protect your investment, but also our advanced BMS will make your battery more efficient.

Which lithium ion battery should I Choose?

Build Now! We only use the best quality lithium cells. They offer more energy and ensure that your device lasts as long as it should. If you need the batteries that needs to be charged really fast, this is your best choice. Grade A cells allow rapid charging. The demand for lithium ion batteries has been increasing lately.

Why should you choose a Grade A lithium ion battery?

They offer more energy and ensure that your device lasts as long as it should.

If you need the batteries that needs to be charged really fast, this is your best choice. Grade A cells allow rapid charging. The demand for lithium ion batteries has been increasing lately. Our batteries can be recycled easily and with very little of a hassle.
