Overview

Will Qatar install solar panels on a redundant roof?

To make up for Qatar's space constraints, the company plans to install solar panels on redundant surfaces such as roofs of power stations and water reservoirs, thereby utilizing existing power transmission lines which will substantially reduced construction costs.

When will Kahramaa's first solar power facility be operational?

Kahramaa's first solar power facility, to be setup in Duhail over 100,000 m² area, is expected to be operational by 2016 with a generation capacity of 15MW. Kahramaa has targeted a generation capacity of 200MW solar power at 60 sites across the country by 2020.

Where is QSTec constructing a solar farm?

QSTec is also constructing a 150 MW Solar Module manufacturing facility and a 1.4MW solar farm at Ras Laffan. Qatar National Food Security Programme (QNFSP) has placed a strong emphasis on solar power as part of its master plan to devise a holistic solution to food security.
