

SolarMax Energy Systems

Huawei Energy Storage Industrial Park Project

Overview

What technology is Huawei Park using?

And finally, the park adopts a range of new technologies. It uses Huawei's latest Wi-Fi 6 for full wireless coverage and has also deployed a digital platform to collect, access, and manage all of the park's data. Founded on innovation, the park has intelligence at its core, including smart energy, zero-carbon, and park management.

What's new in Huawei's Innovation Park?

First, the new planning philosophy guides the top-level design of the innovation park. These include Huawei's latest three-dimensional transformation methodology (energy, zero-carbon, and digital transformation) and the four-flow integration value system (energy, carbon emissions, information, and value flows).

What is Huawei's energy transformation strategy?

These include Huawei's latest three-dimensional transformation methodology (energy, zero-carbon, and digital transformation) and the four-flow integration value system (energy, carbon emissions, information, and value flows). Second, the park enjoys a compact but complete new energy supply system. This enables source-grid-load-storage synergy.

What is a Smart Energy Park?

Founded on innovation, the park has intelligence at its core, including smart energy, zero-carbon, and park management. Digital technologies are used to build a smart energy management and control platform. This enables the collaboration of different energy sources, including wind, solar, and geothermal energy.

What technology is used in a Energy Park?

The park also adopts advanced information technologies, such as the energy

Internet, big data, and a cloud service platform to manage, dispatch, and transact energy across supply, transmission, and consumption.

Huawei Energy Storage Industrial Park Project

Yancheng Low-carbon Innovation Park , Huawei Enterprise

The Yancheng Low-carbon and Smart-energy Innovation Park -- a special industrial park project initiated by the State Grid Yancheng Power Supply Company in Jiangsu Province -- is one ...
