

SolarMax Energy Systems

Huawei high-voltage grid-connected inverter

Overview

The Huawei SUN2000-3-10KTL-M1 is a three-phase grid-tied string inverter that converts DC power from PV strings into AC power. This power can be fed into the grid, used to supply home appliances, or stored in LUNA ESS batteries.

Huawei high-voltage grid-connected inverter

How is Huawei's photovoltaic grid-connected inverter

share -- provided 1.6 GW inverters for this project. As the world's first ultra-high voltage power line that delivers 100% renewable energy over long distances, the project requires inverters with ...
