

SolarMax Energy Systems

Huawei s only 5G base station power supply supplier

Overview

In Hangzhou, the 5G Power solution deployed by China Tower and Huawei supports one cabinet for one site and boasts smart features like intelligent peak shaving, intelligent voltage boosting, and intelligent energy storage.

China Tower is a world-leading tower provider that builds, maintains, and operates site support infrastructure such as telecommunication towers, high-speed rail, subway systems.

China Tower and Huawei conducted joint pilot verification in 2018 and found that the 5G Power solution could support effective 5G site deployment without changing the grid, power distribution or cabinets. This in turn could cut retrofitting costs for a single site by more than.

Huawei s only 5G base station power supply supplier

Supplier Solutions for Power Supply in 5G Base Station ...

Looking ahead, several trends are emerging in the power supply market for 5G base stations. The integration of renewable energy sources, such as solar and wind power, into the power supply ...
