

## SolarMax Energy Systems

# Huijue Industrial Frequency Inverter Device Manufacturer

## Overview

---

Huijue Group was founded in 2002, is leading Inverter Manufacturer in China , to provide customers with the optimal energy storage system solutions and safe and efficient storage full range of products, covering household energy storage system, industrial and commercial energy storage system and site energy storage system. Who is Huijue group?

We are a professional Manufacturer in China, and we are constantly innovating so that our customers can have better products and services. Founded in 2002, Huijue Group is a high-tech service provider integrating the integration and application of intelligent network equipment and intelligent energy storage equipment.

What are Huijue's commercial and industrial energy storage solutions?

Huijue Group's commercial and industrial energy storage solutions offer capacities ranging from 30 kWh to over 30 MWh. These solutions cover most commercial applications, such as electricity cost management, photovoltaic self-consumption, backup power scenarios, microgrids, and off-grid applications.

What is Huijue group's new generation of smart energy solutions?

Huijue Group's new generation of smart energy solutions integrate green energy systems, advanced intelligent control systems and services to achieve energy saving at the sites, reduce energy consumption, and reduce carbon emissions.

Who is Huijue network?

Founded in 2002, Huijue Group is a high-tech service provider integrating the integration and application of intelligent network equipment and intelligent energy storage equipment. Huijue Network products are exported to Europe, North America, Southeast Asia and other countries and regions, contact us now!.

What is a Huijue system?

Ranging from 5kWh to 20kWh, it caters to households of varying sizes. It reduces electricity bills and serves as emergency backup power, providing a seamless, intelligent, and one-stop energy solution. Compact and reliable Huijue systems provide energy independence and efficiency for modern homes.

What is Huijue off-grid solution?

Huijue Off-Grid Solution integrates photovoltaic, energy storage, and off-grid systems for scalable energy self-sufficiency. The Huijue Group Off-Grid Solution comprises three main components: photovoltaic systems, energy storage systems, and off-grid systems, enabling energy self-sufficiency.
