

SolarMax Energy Systems

Hungarian new energy storage companies

Overview

Where is Hungary's largest battery energy storage system located?

Swiss-based energy company MET Group has officially inaugurated Hungary's largest standalone battery energy storage system (BESS) at its Dunamenti Power Station in Százhalombatta, located close to Budapest. The new facility boasts a total power output of 40 MW and a storage capacity of 80 MWh.

Who will build Hungary's largest energy storage facility in Szolnok?

Forest Vill Ltd. will build Hungary's largest energy storage facility in Szolnok on behalf of MAVIR Ltd. The Budaörs-based company will design and fully implement a 20 megawatt energy storage facility with a capacity of 60 megawatt-hours as part of the HUF 8.5 billion project.

How much does Hungarian government spend on energy storage projects?

The Hungarian government has allocated HUF 62 billion (EUR 158 million) for energy storage projects with an overall 440 MW in operating power. Hungarian authorities launched the tender for grid-scale batteries on January 15 and received offers until February 5. The winning bidders were selected a few days ago.

What is Hungary's energy storage goal?

The ministry said that Hungary has set its 2030 energy storage goal at 1 GW in the updated National Energy and Climate Plan. Home » News » Electricity » Hungary awards EUR 158 million for 440 MW of energy storage.

Will Hungary's new energy support system deter investors?

The uncertainties regarding the exact features of this new support system are deterring many investors. 1.4.4 Whilst, currently, Hungary's electricity generation capacities appear to be sufficient to meet demand, many of the generation facilities need decommissioning or updating in the near future.

When did forest-vill start construction of Hungary's largest electricity storage system?

At the end of 2023, Forest-Vill Ltd. won the public tender of MAVIR Ltd. for the design and full construction of Hungary's largest electricity storage system in Szolnok. After the contract was signed in February 2024, the company started the preparation phase of the works.
