Installation of outdoor base station

Overview

How do I set up a Wyze base station?

In the Wyze app, tap on your Wyze Base Station. Tap on the Settings gear on the top right. Tap Device Info > Wi-Fi Network. Follow the on-screen steps to finish the setup. Now that your Wyze Base Station is all set up, it's time to add your Wyze Cam Outdoor. Move on to the next article, Wyze Cam Outdoor Setup Guide.

How should a base station antenna be installed?

The hardware installation guidelines are limited but important for reliable base station performance. The base station antenna should be installed in open sky conditions, away from external influences that hinder the direct line of sight between the antenna and the GNSS satellites.

How do I set up the base stations?

You may set up the base stations in a way that's suitable for your place. For best results, you may follow these recommendations: Mount the base stations diagonally and above head height, ideally more than 2 m (6 ft 6 in). Secure the base stations in a location where they can't be easily jostled or moved.

How do you mount a base station?

You can also use tripods, light stands, or cargo poles when mounting the base stations, or even place it on stable book cases. Just avoid using unstable mounting solutions or surfaces that are prone to vibration. Adjust the base stations so that the front panels are facing toward the center of the play area.

Where should an antenna be installed?

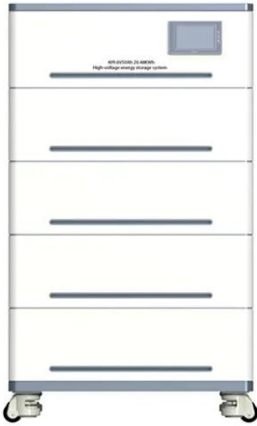

In general, this means that the ideal antenna installation is near the centre of the work area. For larger work areas (several 10's of km's), it is advised to place several base stations for optimal performance and easy selection of the nearest base station.

How much does a base station CB cost?

HOA and Zoning: Check local regulations and homeowner association rules before installing visible antennas. How much does a complete base station CB setup cost?

Basic setups start around \$300-500, including radio, antenna, coax, and power supply. Mid-range systems run \$500-1000, while premium installations can exceed \$2000.
