

## SolarMax Energy Systems

# Large Energy Storage Cabinet Liquid Cooling Company

## Overview

---

Can a liquid cooled and air cooled cabinet be paired together?

Outdoor liquid cooled and air cooled cabinets can be paired together utilizing a high voltage/current battery combiner box. Outdoor cabinets are manufactured to be a install ready and cost effective part of the total on-grid, hybrid, off-grid commercial/industrial or utility scale battery energy storage system. BESS string setup examples are:.

What is a 373kwh outdoor cabinet?

Each outdoor cabinet is IP56 constructed in a environmentally controlled liquid cooled cabinet including fire suppression. Multiple 373kWh cabinets can be installed together creating up to 4472kWh energy storage blocks. Designed for 373kWh's to 100MWh+ systems.

Why should you choose fluence energy storage?

Energy storage provides the agility and efficiency to keep pace with an evolving energy landscape. Unlock the full potential of your network with energy storage. Our products are designed for the most demanding industrial applications and have stood the test of time. Discover the Fluence energy storage product that's right for you.

## Large Energy Storage Cabinet Liquid Cooling Company

---

### Liquid Cooling Energy Storage: The Next Frontier in Energy Storage

Liquid-cooled energy storage is becoming the new standard for large-scale deployment, combining precision temperature control with robust safety. As costs continue to ...
