

SolarMax Energy Systems

Lead-acid inverter outdoor power supply

Overview

What is a hybrid inverter?

□Circuit & Power Security Guard□Hybrid inverter features short-circuit protection, overload protection, reverse protection, overvoltage and undervoltage protection, which greatly ensures the safety of your circuit as well as power supply.

What is the output voltage of solar inverter?

Output voltage:120Vac $\pm 5\%$. □LCD Display&Real-Time Monitoring□Solar inverter has an LCD display that shows the system data and operation status in real time.

Why should you choose a solar hybrid inverter?

In addition, the solar hybrid inverter adopts advanced pure sine wave technology, which can provide high quality and stable AC power to your appliances, protect your electronic products or appliances and prolong their service life.

Lead-acid inverter outdoor power supply
