

SolarMax Energy Systems

Maldives Energy Storage Project Construction

Voltage range

636V-876V

Rated voltage

768V

Cell type

Lithium iron phosphate

Overview

Project Summary: The project involves the development of a 36-megawatt (MW) solar power project and 40 megawatt hours (MWh) of battery energy storage solutions across various selected islands in the Maldives.

Maldives Energy Storage Project Construction

SINOSOAR won the bid for the Maldives 40MWh energy storage project

The project includes the design, supply, installation and commissioning of a total of 40 MWh energy storage system for two sections. Through professional design capabilities, ...
