

## SolarMax Energy Systems

# Micro energy storage power station price

To Strive forward No Energy Waste

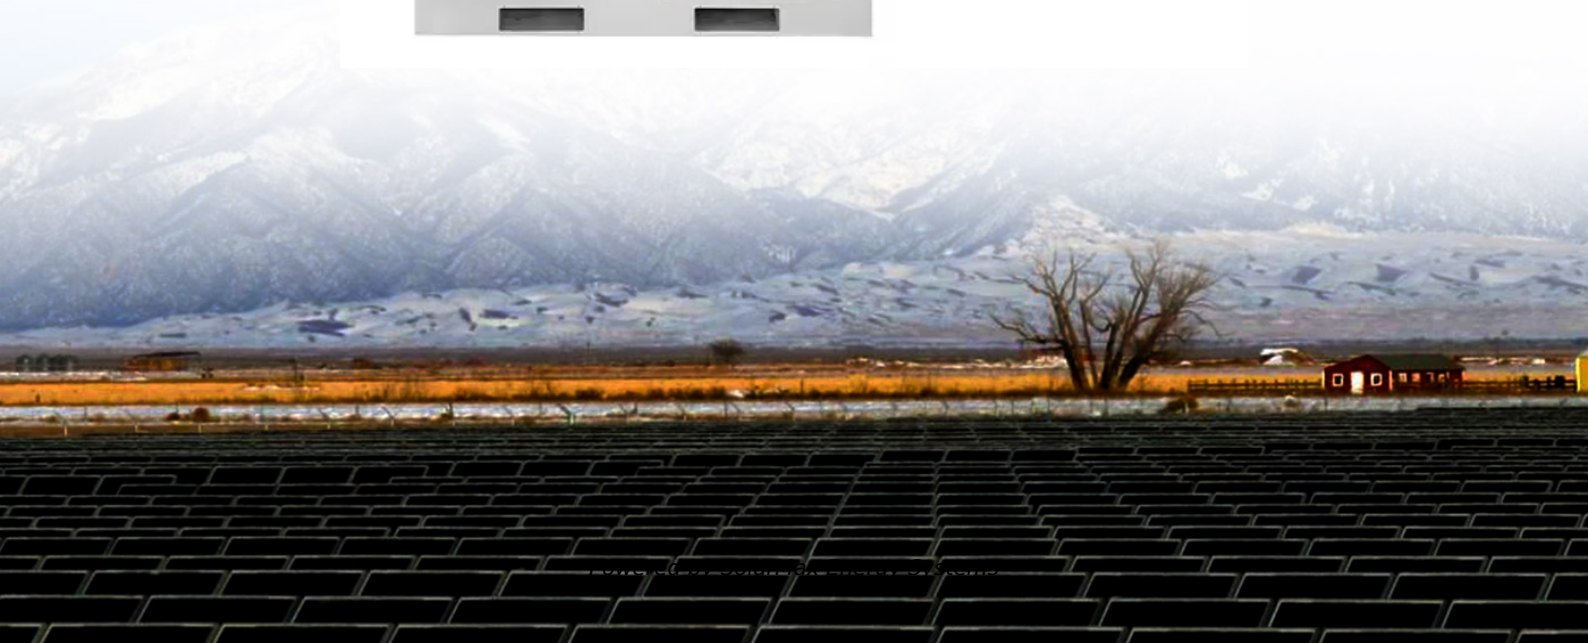

All in one

100~215kWh  
High-capacity

Intelligent  
Integration

## Overview

---

The average expense associated with constructing a MW energy storage power station varies dramatically, depending on the technology utilized, site dynamics, and operational specifications. Generally, costs range between \$300,000 and \$5 million per MW installed.
