

SolarMax Energy Systems

Morocco container power generation manufacturer

Sample Order
UL/KC/CB/UN38.3/UL

Overview

What is the Moroccan cooperative of environmental energies?

The Moroccan Cooperative of Environmental Energies, established in 2021 in L'Orientale, aims to protect the environment and develop the region's economic circuit, as well as the national territory in general. Our primary objective is tire recycling, a project characterized by three key features:.

How do you distribute your products in Morocco?

We distribute our products throughout Morocco through our logistics department. We provide our customers with tailor-made and rapid installations for all their projects. Our specialized teams take care of all installation work. We guarantee our customers the commissioning, preventive and curative maintenance of all energy installations.

What is Ecodome Maroc?

Ecodome Maroc is a pioneering enterprise in the field of ecological construction, which blends modern engineering with traditional Moroccan earthen construction techniques. Our mission is to create sustainable buildings that provide both comfort and a touch of tradition while respecting the environment.
