

SolarMax Energy Systems

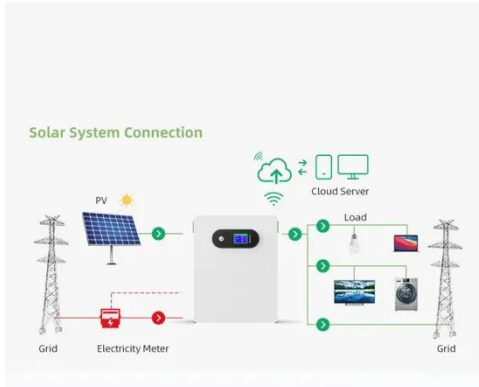

Nepal s solar panel power supply system

Overview

Grid-connected solar capacity has reached over 141 megawatts, with private power producers running most of it, and the Nepal Electricity Authority (NEA) also operates its own projects. Off-grid programs remain just as important.

Nepal s solar panel power supply system

Solution

With an industry leading 25-year warranty for solar panels, our smart residential energy systems will not only give you decades of free energy and peace of mind but may also contribute to the ...
