# New Energy Battery Cabinet Waterproof ESS Power Base Station

## Overview

---

Does ESS support American energy dominance?

Built in the U.S. and supported by an American supply chain, the Energy Base is supporting American Energy Dominance. ESS' latest long-duration energy storage (LDES) solution is redefining energy storage, with industry-leading design and operational flexibility to cost-effectively meet customer needs.

Why should you choose ESS for Your Energy BASE project?

ESS has worked closely with leading engineering firms to develop standard, cost-effective design parameters that enable deployment of gigawatt-scale storage. Energy Base projects can be customized to minimize visual impact and deliver up to 300 MWh/acre energy density.

Do you need a flexible battery energy storage system?

So you need a flexible battery energy storage system that is quick to deploy and easy to scale, with smart services, unlocking the flexibility market and creating new revenue streams. The Power Base 600 is a robust energy storage system on a steel frame with the footprint of a standard ISO 20-foot container.

What is ESS & how does it work?

ESS was established in 2011 with a mission to accelerate decarbonization safely and sustainably through longer lasting energy storage. Using easy-to-source iron, salt, and water, ESS' iron flow technology enables energy security, reliability and resilience.

What is a power base 600?

The Power Base 600 is a robust energy storage system on a steel frame with the footprint of a standard ISO 20-foot container. It comes pre-wired and pre-configured to reduce installation cost and delivery time, and can hold up to 12 Pixii PowerShaper2 cabinets, with a maximum power capacity of 600kW.

What makes ESS Energy base unique?

Each Energy Base project leverages ESS' proven core technologies to deliver the power, energy and layout customers need. Its modular architecture and the inherent safety of ESS iron flow technology enable compliance with safety regulations and community guidelines, providing peace of mind for all stakeholders involved.
