

## SolarMax Energy Systems

# New Energy Mobile Battery Cabinet

## Overview

---

Why should you choose a battery based energy storage system?

By sourcing batteries separately, users can expand their energy storage capacity as needed without overhauling the entire system. This scalability makes it an ideal solution for both residential and light commercial applications, future-proofing investment and enabling smart energy management.

What is a liquid cooled battery energy storage system?

The system consists of: Ready to install liquid-cooled battery energy storage system with one (2-hour version) or two (4-hour version) battery cabinets, and a PCS cabinet. Liquid cooling provides two years longer battery service life and 15% higher discharge capacity, while maintaining less than 2.5 degree C delta between cells.

Can a battery be installed with a new home energy system?

Installers can seamlessly integrate the battery with a new or existing home energy system, both DC and AC suited, for a smooth installment. The EVERVOLT is equipped with an integrated transmitter to ensure an easy installation of rapid shut down devices for safe PV array connections.

Can GM energy powerbank be combined with GM Powershift?

The 17.7kWh GM Energy PowerBank can be combined to create a 35.4kWh stationary storage solution. GM Energy PowerShift charger and GM Energy V2H Enablement kit, allowing customers to transfer stored energy between their applicable EV, residential home and stationary storage unit.

What is a modular LiFePO4 battery?

The modular LiFePO4 batteries provide scalable capacity up to 21.2 kWh, ensuring reliable backup power for both residential and commercial applications. It supports both partial home and whole home backup, offering

flexibility for diverse energy needs.

How many kWh does a wallmount all weather battery hold?

The EG4 WallMount All Weather battery offers 14.3 kWh of storage with a 200A max continuous discharge, making it ideal for outdoor use. It has an integrated self-heating feature, is backed by a 10-year warranty and is EMP-hardened, protecting it from natural and human-caused electromagnetic pulses.

## New Energy Mobile Battery Cabinet

---

### All-in-One Energy Storage Cabinet & BESS Cabinets , Modular, ...

Featuring lithium-ion batteries, integrated thermal management, and smart BMS technology, these cabinets are perfect for grid-tied, off-grid, and microgrid applications. Explore reliable, ...
