

SolarMax Energy Systems

New energy base station canopy manufacturer

 **TAX FREE**    

ENERGY STORAGE SYSTEM

Product Model
HJ-ESS-215A(100KW/215KWh)
HJ-ESS-115A(50KW 115KWh)

Dimensions
1600*1280*2200mm
1600*1200*2000mm

Rated Battery Capacity
215KWH/115KWH

Battery Cooling Method
Air Cooled/Liquid Cooled

Overview

Why do we build custom canopies?

Building custom commercial canopies, gas station canopies, and convenience store canopies has allowed us to help with brand-building for our customers' businesses and organizations using their color scheme and logo.

Who is precision canopy?

With the help of the core team, Keith and his partners founded Precision Canopy in 2013. Design, Engineering, Construction and Installation of Petroleum, EV and Solar canopies. We work throughout the western United States. Give us a call on your next project and put our combined 80+ years of canopy experience to work for you.

Are pre-engineered steel canopies good for fueling applications?

For many years canopies have been used in fueling applications. Our typical quality pre-engineered steel canopies work great for fueling applications. These types of canopies not only protect your personnel and customers but they also protect the environment from storm water run-off.

Who is TFC canopy?

At TFC Canopy we want to be The First Choice, Designed for Quality, Engineered to Last! TFC Canopy designs, fabricates, and installs gas and petroleum stations, convenience store, and rental car canopies, using ALPOLIC® aluminum composite panels to matched to customer's color scheme and logo.

Are EV canopies a good choice?

Their versatility makes them a popular choice for a wide range of applications. Madison Industries offers cutting-edge canopies designed for Electric Vehicle (EV) charging stations. Our EV-ready canopies provide a stylish and practical solution to shelter your charging infrastructure.

Who are the best canopy builders?

Wes is one of the most experienced canopy builders in the country. Amy is the point person for invoices, contracts and billing. She has a wealth of experience. Tim is the heart of the company, keeping tabs on schedules and making sure everything is built to our exacting standards and arrives safely and timely to the job site.

New energy base station canopy manufacturer

Lithium battery parameters

Product capacity: 100Ah

Product size: 135*197*35mm

Product weight: 1.82kg

Product voltage: 3.2V

internal resistance: within 0.5
