

SolarMax Energy Systems

New energy storage mobile charging pile

51.2V
200Ah/300Ah
LiFePO4 battery

Overview

Efficient and energy-saving: The stacked mobile energy storage charging pile adopts efficient output modules for DC20kw and 2C power discharge, and AC7kw charging module, which quickly replenishes energy for the charging pile, charges quickly, and maximizes energy utilization.

New energy storage mobile charging pile

Industry observation: Electric vehicles have ushered in mobile charging

The traditional charging method of new energy vehicles is "cars looking for electricity", but the smart mobile energy storage charging pile released this time is "electricity ...
