

SolarMax Energy Systems

OEM lithium battery pack for power station

Overview

What are energy storage lithium battery packs?

Energy storage lithium battery packs are based on lithium iron phosphate batteries. They are a lithium battery system designed in series with modules, featuring a reliable BMS system and high-performance equalization technology to improve overall safety and service life.

What is a lithium-ion battery pack?

The Lithium-Ion battery packs at La-Z-Boy have multiple functionalities. Here are some of them in a nutshell. Works with all La-Z-Boy power recliners, sofas, and sectionals (excluding lift chairs). Red flashing light while charging, green steady light when fully charged (approx. 5-7 hours charge time).

What do we have for lithium-ion battery pack assembly?

For lithium-ion battery pack assembly, we offer complete solutions. This includes different sizes of barley paper, battery cells, plastic holders, nickel strip, handheld spot welder, PVC, and high-temperature resistant adhesive tape. We also provide rolls of various widths and cut the length as per customer requirements.

Can a customer own a brand name of a lithium ion battery?

Private labeling and packaging for either big or small customers. Starting from 10,000 per order, customer can own their own brand name. Help to apply UN38.3 shipping document for your custom Lithium ion batteries. Sample of our UN38.3 tested batteries. Help to apply IEC62133 for battery packs build by battery space.

Why should you choose a custom lithium-ion battery?

With custom Lithium-Ion batteries designed to your specifications and constructed with unique features, you receive the best possible design for your application. Secure a custom rechargeable battery solution your project

needs to function to its fullest capabilities.

Who makes the best battery packs?

Our factory partners are known for only using the best quality Tier 1 cells from leading manufacturers like Panasonic, Sanyo, LG, Samsung, and Moli Energy, and having highly skilled operators and supervisors that are expertly trained in manufacturing battery packs.

OEM lithium battery pack for power station

INTEGRATED DESIGN

EASY TO TRANSPORT AND INSTALL,
FLEXIBLE DEPLOYMENT

oem battery pack for Electronic Appliances

Get the bestselling oem battery pack on Alibaba at unrivaled discounts and enjoy high-performance output. The oem battery pack are durable to ensure value for your money.
