

SolarMax Energy Systems

Outdoor power supply capable of providing high power

Overview

What is an outdoor Uninterruptible Power Supply?

An outdoor Uninterruptible Power Supply is a power solution designed for critical applications where it's essential that equipment stays running in harsh outdoor environments and significant temperature variations, where an ordinary UPS would fail. Trust TSi Power for these applications.

What are outdoor UPS?

Outdoor UPS are rugged back-up power supply systems that are designed to weather the elements in harsh outside locations.

Why should you choose an outdoor UPS system?

High Reliability: Our outdoor UPS systems offer high reliability and long-lasting performance with advanced technology and superior components, ensuring continuous power availability when you need it most.

Does TSi power offer outdoor xups?

TSi Power's Outdoor XUPS series of rugged outdoor uninterruptible power supplies is the ideal way to supply backup power in extreme environments. TSi Power offers a comprehensive suite of accessories for the Outdoor XUPS. Mounting brackets, battery heaters, maintenance bypass switches, security solutions, and more are available.

What is an outdoor UPS enclosure?

Our outdoor UPS enclosures are engineered to withstand harsh weather conditions, ensuring uninterrupted power supply for your outdoor equipment and applications. Weatherproof Enclosures: Our UPS units are housed in rugged, weatherproof enclosures designed to withstand extreme temperatures, moisture, and other outdoor elements.

Does solarcraft offer outdoor AC & DC UPS?

Call us at for any questions. *denotes a required field. Solarcraft offers outdoor AC & DC UPS systems and outdoor UPS enclosures. Request your quote today!
