Outdoor power supply for street power generation

Overview

Where can I buy a portable power station?

When customers buy Portable Power Stations, they often buy or consider: Find portable power stations at Lowe's today. Shop portable power stations and a variety of electrical products online at [Lowes.com](https://www.lowes.com).

What are the best portable power station brands?

Kobalt, EcoFlow and BLUETTI are among the most popular Portable Power Station brands. While those brands are the most popular overall, you will also find a great assortment from Jackery, Generac and Anker. How much does a Portable Power Station cost?

.

How much does a portable power station cost?

A typical price for a Portable Power Station is \$1,392 but can range from approximately \$59 to \$9,429. These Portable Power Stations are the most popular among Lowe's entire selection. While these are popular, we recommend ensuring that the Portable Power Stations you consider have the right mix of features and value.

What brands of power stations are available at Lowes?

While those brands are the most popular overall, you will also find a great assortment from Jackery, Generac and Anker. How much does a Portable Power Station cost?

A typical price for a Portable Power Station is \$1,392 but can range from approximately \$59 to \$9,429. These Portable Power Stations are the most popular among Lowe's entire selection.

Is it safe to bring a power supply inside?

Since power is stored in batteries for later use, it's safe to bring them inside. While their capacity may be limited compared to other larger units, they can work well as a temporary source of energy for TVs and refrigerators. Many units can also be charged from alternating current (AC) household current to be ready for future use.

Is manual power generation right for You?

In a pinch, or if you have a large family that can take turns in shifts, manual power generation might be an option for you. It's exactly what it sounds like: the generation of electricity by manual, that is, human-powered, operation of a generator.
