

SolarMax Energy Systems

Polish container photovoltaic panel manufacturer

Overview

Where are support structures for photovoltaic systems manufactured?

Support structures for photovoltaic systems are manufactured in our own machinery park. In addition, we work with subcontractors who are market leaders in the Polish industrial production sector.

Where are photovoltaic systems made?

As a producer of photovoltaic structures, we provide solutions perfectly tailored to your individual needs in the range of both roof and freestanding photovoltaic systems. All of our products are manufactured in Poland. We guarantee a quick delivery time and European quality. SALES SPECIALIST Krystian Marciszewski Wojciech Kamiński.

Where can I buy photovoltaic panels?

The photovoltaic wholesaler Solmix offers the highest quality photovoltaic panels from reliable manufacturers at the lowest prices. In the online store you can order modules by the piece, as well as in pallet quantities. For photovoltaic installers we have also prepared a special container price offer for the purchase of photovoltaic modules.

What materials are used to build a photovoltaic system?

We use high-quality materials, such as galvanised steel or aluminium, and proven mounting accessories such as brackets, clamps, screws or racks. Our photovoltaic structures meet the highest quality and safety standards and are easy to install and dismantle.

Are ground-mounted photovoltaic panels better than Standard Rooftop Systems?

Thanks to these features, ground-mounted photovoltaic panels have a clear advantage over standard rooftop systems. As a manufacturer of such durable photovoltaic structures, Amiston can help improve your competitiveness and

positively impact the success of your business! 4.

What types of roofs can a photovoltaic structure be used for?

Our photovoltaic structures are suitable for different types of roofs: flat, pitched, container, as well as for mounting on the ground or facades. We use high-quality materials, such as galvanised steel or aluminium, and proven mounting accessories such as brackets, clamps, screws or racks.
