

SolarMax Energy Systems

Portuguese environmentally friendly inverter manufacturer

51.2V
200Ah/300Ah
LiFePO4 battery

Overview

How does Portugal contribute to the energy mix?

A significant contributor to Portugal's energy mix with various renewable initiatives. Dominates the sector through extensive infrastructure and strategic initiatives. Extensive distribution network supports efficient energy management and service delivery. Expansion of renewable capacity underpins commitment to sustainability and innovation.

Why should you invest in renewables in Portugal?

Expertise in large-scale renewable projects enhances operational capabilities. Investments in diverse renewable sectors aim for consistent market leadership. Influential in renewable asset investment, enhancing Portugal's energy landscape. Manages a diversified portfolio focused on solar and wind generation.

What is a hybrid inverter?

A hybrid inverter can manage energy from multiple sources, such as solar panels, batteries, and the grid, allowing you to store excess energy for later use. Standard inverters, however, only convert solar power for immediate use and do not support battery storage.

What types of inverters are available?

Our range includes single-phase and three-phase hybrid inverters, suitable for residential, commercial, and even industrial applications, providing scalable and reliable energy management. What kind of maintenance does an Inverter need?

.

What is a smart inverter?

Smart inverters are advanced inverters with features that allow them to

communicate with the grid and manage energy more efficiently. Unlike standard inverters, smart inverters can adjust their output based on grid conditions, support two-way communication with energy providers, and even provide grid stability functions.

What is a three-phase hybrid smart inverter?

Three-Phase Hybrid Smart Inverter Efficiently manage energy with our Three-Phase Hybrid Inverter—seamlessly integrating solar and grid power for reliable, sustainable solutions in commercial and residential settings. HV Three-Phase Hybrid Smart Inverter

ENERGY STORAGE SYSTEM

Product Model
HJ-ESS-215A(100KW/215KWh)
HJ-ESS-115A(50KW 115KWh)

Dimensions
1600*1280*2200mm
1600*1200*2000mm

Rated Battery Capacity
215KWH/115KWH

Battery Cooling Method
Air Cooled/Liquid Cooled
