Ranking of outdoor power supplies priced at \$1 000

Overview

How much does a power station cost?

A cheap, super-portable power station. This one has everything you need and comes in at \$239. A cheap, portable power station offering a broad array of ports and a decent power output for just \$239. A big power station available for a low price. If you want a lot of battery capacity, this is the one for you.

What should I consider when buying a portable power station?

The most important thing to consider when shopping for a portable power station is the amount of power and battery capacity you need. The price range for portable power stations can range from a fairly inexpensive product to a large-sized investment.

Can a portable power station be used as an uninterruptible power supply?

Yes, a portable power station can be used as an uninterruptible power supply. Many portable power stations come with UPS features, like automatic switchover when power loss is detected.

What is the most expensive portable power station?

The one downside is the price tag, as this unit also comes through as the most expensive portable power station with a list price of \$4,250. Milwaukee M18 Carry-On Power Supply: It isn't a great portable power station. You're probably considering buying it because you're already on the platform. If that's the case, I say go for it.

What are the best portable power stations?

To help you decide, I tested the efficiency, in a variety of scenarios, of the best portable power stations from Jackery, Oupes, EcoFlow, Anker, Goal Zero, Greccell, Bluetti, Dakota Lithium, Lion Energy, Vtoman, and Oupes. ↓ Jump to the Rest of the Field ↓ What to Know Before Purchasing a Portable Power Station.

Are portable power stations worth it?

This power station offers a lot of bang for the buck. Sure, it isn't going to power your house through a days-long outage, but it offers a lot of nice features for the price, making it one of the better values out there, especially if you can pick it up on sale. How long do portable power stations last?
