

SolarMax Energy Systems

Sao Tome and Principe mobile communication wind power base station photovoltaic power generation system

Overview

Are there any studies on solar power potential in Sao Tome & Principe?

2. Solar PV:As per the publication "Emission Reduction Profile: Sao Tome and Principe", June 2013" prepared by RISO with the support of ACP-MEA & UNFCCC, there are, to date, "no official studies on the exact solar power potential: therefore, further calculations of the emissions reduction potential can be hazardous".

How is Sao Tome & Principe generating electricity?

Medium The Government of Sao Tome and Principe is strongly motivated to increase and diversify its generation capacity through mini/smallhydropower plants and is driven by its plans to increase access to electricity services to the population.

Does Sao Tome and Principe have a national energy policy?

Sao Tome and Principe has not yet developed a National Energy Policy. However, with every change in Government, the incoming Government formulates its development plan with the last one prepared in October 2013 and entitled "Grandes Opções do Plano para 2014" (Major Options of the Plan for 2014).

Why is so Tomé and Principe so vulnerable?

It is particularly vulnerable to hazards such as floods, flash floods, storms and drought. The state of São Tomé and Principe completed its TNA 2023. The chosen sectors for adaptation were agroforestry and water, and for mitigation, energy and transport.

Where is so Tomé & Principe located?

São Tomé and Principe is a small island developing state in Africa, located close the equator, off the western coast of Africa. Agriculture is the biggest source of incomes for rural families, generating 70% of rural employment and

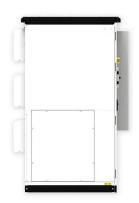

about 80% of export revenues.

What sectors did so Tomé & Principe adapt to the TNA 2023?

The state of São Tomé and Principe completed its TNA 2023. The chosen sectors for adaptation were agroforestry and water, and for mitigation, energy and transport. The corresponding prioritised technologies for these sectors were:
