

SolarMax Energy Systems

Solar energy storage orders surge

Overview

The rapid increase in demand within the energy storage sector can be attributed to several factors, including a rush to install systems, a booming overseas market, and the emergence of energy storage for data centers as a new growth area.

Solar energy storage orders surge

NeoVolta Sees Record Distributor Orders as Demand for Energy Storage

The company said the surge in purchase orders came from three major, unnamed U.S. distributors of solar and energy equipment. NeoVolta attributed the increased activity to ...
