

## SolarMax Energy Systems

# Solar photovoltaic panels and battery inverters

Nominal Capacity

**280Ah**

Nominal Energy

**50kW/100kWh**

IP Grade

**IP54**

## Overview

---

The solar process begins with sunshine, which causes a reaction within the solar panel. That reaction produces a DC. However, the newly created DC is not safe to use in the home until it passes through an inv.

### Solar Integration: Inverters and Grid Services Basics

It's a device that converts direct current (DC) electricity, which is what a solar panel generates, to alternating current (AC) electricity, which the electrical grid uses. In DC, electricity is ...
