

SolarMax Energy Systems

Solid-state battery energy storage project

Overview

SOLVE is an EU-funded project aiming to develop the batteries of the future: safer, with a enhanced performance and fast-charging capabilities, and with highly sustainable and circular manufacturing.

Solid-state battery energy storage project

Paving the way for the future of energy storage with solid-state

Advances in solid-state battery research are paving the way for safer, longer-lasting energy storage solutions. A recent review highlights breakthroughs in inorganic solid ...
